

Economizer Specifications

General Specifications

Printer Dimensions:	Width:	65" (1651 mm)
	Length:	28" (710 mm)
		52" (1321mm) with feeder table
	Height:	54" (1375 mm)
Exit Height:		30" to 40" adjustable (762 to 1016 mm)

Print Specifications

Print Area:	Width:	11" (280 mm); Option: 23" (584mm)
	Length:	32" (812 mm)
Resolution:		200 dots per inch (8 dots per millimeter)
Prints per Film:		5,000 maximum
Color:		Single color

Printer Capacities

Print Rate:	Maximum:	30 cases per minute
Maximum Case Size:	Width:	45" (1067 mm)
	Length:	40" (1016 mm); Longer length possible for repeat images.
	Thickness:	1/2" (13 mm)
Minimum Case Size:	Width:	10" (254 mm)
	Length:	10" (254 mm)
	Thickness:	1/8" (3 mm) ("B" flute)
		1/16" (1.5 mm) with 2-stage cylinder option

Feeder Table

Size:	Width:	38" (965 mm)
	Depth:	24" (590 mm)

Inking System

Type:	Manual fill with dipstick level indicator
-------	---

Controls

Control Panel Buttons:	Full set of controls including speed control and batch size counter which stops feed upon reaching batch count target
Set-up:	Print set-up based on box/bag length adjustable in 1/10" increments

Operating Requirements

Electric Power Supply:	120VAC, 50-60 hz., 10 amps
Air Supply:	3 psi
